### What is historical materialism? - marxist.com

Marxism is in the first place a philosophy and a world outlook. In the philosophical writings of Marx and Engels we do not find a closed philosophical system, but a series of brilliant insights and pointers, which, if they were developed, would provide a valuable addition to the methodological armoury of science.

### Why we are Marxists - In Defence of Marxism

Marxism is a method of socioeconomic analysis that views class relations and social conflict using a materialist interpretation of historical development and takes a dialectical view of social transformation. It originates from the works of 19th-century German philosophers Karl Marx and Friedrich Engels. Marxism has developed into many ...

### Marxism - Wikipedia

Marxism definition, the system of economic and political thought developed by Karl Marx, along with Friedrich Engels, especially the doctrine that the state throughout history has been a device for the exploitation of the masses by a dominant class, that class struggle has been the main agency of historical change, and that the capitalist system, containing from the first the seeds of its own ...
